

Terminal Adaptor Model 956

- Time Saving
- Accepts Bare Wire, Spades or Banana Plugs
- Suits a wide range of Isotech instruments

Our TTI range use high quality 'Lemo' connectors for the Pt100 inputs. This simple accessory provides 4mm Terminal Posts for the connection of bare wires, spade terminals or 4mm plugs - useful if a lot of probes are going to be used with the instrument.

The adaptor connects to the TTI via two flexible cables, terminated with the appropriate Lemo connector.

New compact design.
